Dear students,

We are happy that you have decided to study at one of our universities! We are sure that this experience will be very exciting for you and we want your stay to be as comfortable as possible. When coming to a new country, international students may face some challenges in the beginning and that’s why we created this guide for you.

In our Welcome Brochure you will find information that helps you get started in Germany and in Ulm/Neu-Ulm.

Enjoy your stay and welcome!

Ulm and Neu-Ulm are twin-cities in southern Germany divided by the Danube river, but closely linked in their everyday life.

The Danube river officially separates the two federal states: Ulm is located in the state of Baden-Württemberg and directly borders the smaller Bavarian city of Neu-Ulm.

Together, the cities are characterised by a unique combination of tradition and modernity and form the cultural as well as economic center between the region of Allgäu and the region of the Swabian Alb.
In Ulm, you can find the romantic Fishermen’s and Tanners’ Quarter with its old houses, air of medieval times and of course the world’s highest church tower (161.53 m). The history of Ulm lives on in a multitude of historical celebrations and rites, such as the ‘Fishermen’s Jousting’ on the Danube, the ‘International Danube Festival’ and the ‘Oath Monday’ including the ‘Nabada’ river festival. Besides that, Ulm is famous for its citizens – the physicist and Nobel Prize laureate Albert Einstein was born in Ulm, as well as the siblings Hans and Sophie Scholl, who are famous for their resistance to the Nazi regime.

Neu-Ulm has changed its appearance perceptibly – like hardly any other city in Bavaria. After the American armed forces left, the city has converted the former barracks into modern residential complexes, recreational parks and a region of service providers.

The double-city offers a wide range of activities and places to explore – picturesque landscapes, various cinemas, theaters and museums, and of course bars and clubs where you can relax after a busy day. Moreover, the city’s leisure programme is enriched by seasonal events – for example, open air festivals in summer or Christmas markets in winter.

TWIN-CITY IN NUMBERS

14 CLUBS  34 BARS  60 RESTAURANTS  5 CINEMAS
3 THEATRES  7 MUSEUMS  3 LAKES
If necessary, open a German bank account
If necessary, apply for a residence permit
Register at the city within the first 14 days after your arrival in Germany

You can find more information on these topics in the chapters about Authorities and Finances of this brochure and on the website of your university (Ulm University, Ulm University of Applied Sciences or Neu-Ulm University of Applied Sciences). The International Office of your university can give important advice concerning all formalities you have to handle at the beginning of your stay in Ulm/Neu-Ulm. Furthermore, you can get valuable tips about living and studying in Ulm/Neu-Ulm which will hopefully help you feel comfortable and at home soon. Therefore, you should make use of as many of the offered information and orientation activities as possible.

NEW IN ULM OR NEU-ULM?

Are you going to pursue a degree (Bachelor/Master) in Ulm or Neu-Ulm? Would you like to have someone to advise you personally and individually about university life and life in Ulm? If so, you should join the Buddy Programme.

A buddy mentor is a student of your university who helps you during the first two semesters of your studies with things such as filling out forms, finding your way around campus and the city, as well as making suggestions on how to spend your free time. At the same time, you and your buddy have the opportunity to not only learn each other’s language and culture, but also to share your experiences abroad.

Moreover, there are regular events for all international and German students taking part in the Buddy Programme, so you can get to know many nice people and make some new friends.

Further information and registration for the Buddy Programme:

**RECORDS OF STUDY AT GERMAN UNIVERSITIES**

**THE EUROPEAN CREDIT TRANSFER SYSTEM - ECTS**
(especially important for exchange students)

**ECTS** is the European Credit Transfer System, which has been introduced in order to **ease the international acceptance of study credits**. They can be transferred from one university to another within Europe. Each course will give you a specific amount of credits, which reflect the number of working hours you have to invest.

**You receive credits** for all components of the curriculum, including your courses, study-related work placements and theses. **Furthermore**, ASQ (German “Additive Schlüsselqualifikation”, additive key qualification) or key qualification points enable students to acquire competence beyond their technical training.

**TYPE OF COURSES**

- **V – Vorlesung**: lecture held by a professor
- **Ü – Übung**: course to practice the subject matter theoretically
- **S – Seminar**: course with active participation by the students
- **L – Labor**: practical application of the subject matter

**Furthermore**, you usually have to do one or several **work placements** (external practical semester at Ulm University of Applied Sciences and the Neu-Ulm University of Applied Sciences) during your studies in Ulm/Neu-Ulm. During your work placement, you can **gain work experience** in the field of your studies over the course of several weeks or months.
THE GRADING SCALE AT GERMAN UNIVERSITIES

- Grade 1.0 to 1.5: very good
- Grade 1.6 to 2.5: good
- Grade 2.6 to 3.5: satisfactory
- Grade 3.6 to 4.0: sufficient
- Grade 4.1 to 5.0: fail

Credits are not the same as grades. Credits are a quantitative measure of your study input, whereas grades are a qualitative measure of your study output. You will only receive credits if you pass a course successfully (grade 4.0 or better).

STUDENT SERVICES (STUDIERENDENWERK)

The student services (German: “Studierendenwerk”) Ulm and Augsburg are there to support the students and help them to successfully pursue their studies. The Studierendenwerk Ulm is responsible for all students of Ulm University and Ulm University of Applied Sciences. The Studierendenwerk Augsburg is in charge of the students of the Neu-Ulm University of Applied Sciences.

SERVICES OFFERED BY THE STUDIERENDENWERKE

- Social care and counselling
- Financial advice and BAföG
- Childcare
- Housing:
  wohnen@studierendenwerk-ulm.de
  wohnen@studentenwerk-augsburg.de
- Catering at the universities
The Studierendenwerke take care of the important social infrastructure at the universities. This is funded by the Studierendenwerk fee, which all students have to contribute to. As non-profit organisations, the Studierendenwerke can offer their services at an optimal and fair cost performance ratio. The Studierendenwerke manage cafeterias and canteens (German: “Mensa”) as well as numerous student residences in Ulm. In addition, they run kindergartens for students’ children.

INTERNATIONAL STUDENT IDENTITY CARD (ISIC)

Students of Ulm University can get their International Student Identity Card (ISIC) at the Info-Point of the Studierendenwerk (foyer in front of the Mensa) or at the office of Ulm University’s StuVe (N26/320).

Students of THU and HNU can apply online for the ISIC under www.isic.de/home-en/.

Please bring your passport/identity card, a photograph of yourself (2.5 x 3.0 cm), your student ID card and €15.00. The International Student Identity Card is accepted as proof of student status in over 130 countries, offers various benefits and is valid one year after from the date you purchase it.
STUDENT ID

At all universities in Ulm and Neu-Ulm, the student ID/Campus Card is an electronic chip card that serves many purposes:

FUNCTIONS OF THE STUDENT ID/CAMPUS CARD WITHIN THE UNIVERSITIES IN GENERAL:

- Identification as a member of the university
- Library card
- Print and copy card
- Cash card – after charging money, you can use it in the Mensa, cafeterias and for several drink and snack machines
- Use at the self-service terminals to change your address
- As a ticket for public transportation (including night buses) after 6.00 p.m. Monday to Friday, all day on weekends and public holidays - without the purchase of an additional ticket
- Serves as authorisation to purchase the Semester Ticket
- ID card for student elections
- Re-registration and viewing/recharging of your printing account at the self-service terminals
- Students of Ulm University and Ulm University of Applied Science can use the bus and tram between the stops “Ulm Universität Süd” and “Ulm Technische Hochschule” on the Eselsberg without additional payment the whole day.

ADDITIONALLY AT ULM UNIVERSITY:

- Electronic key for PC pools and other rooms/buildings
- To change PIN and passwords for kiz-accounts
- To open the student car park and to pay there
ADDITIONALLY AT ULM UNIVERSITY OF APPLIED SCIENCES

• To open the gate to the student car park

### APPLICATION

In case of a visa extension you should go to the Foreigners’ Office about 4-8 weeks before the expiry date. If you have entered Germany without a visa, you must apply for your stay within 90 days.

### ATTENTION

The registration and the application for a residence permit are handled by two different authorities, which are located in the same building.

Two different authorities for registration and residence permits: there must be at least two weeks between registration at the Citizens’ Office and the application for a residence permit (due to data transmission).

### DOCUMENTS TO SUBMIT

- application for a residence permit
- biometric passport photo
- passport, with visa if applicable
- health insurance certificate
- proof of financing of at least 853 € per month
  - scholarship notice
  - declaration of the family on financial support
  - current bank statement, blocked account document

Additional documents in Neu-Ulm: the confirmation of registration from the citizens’ office

### COSTS

- for the 1st issuing: €100.00;
- for extension: €96.00
- (except scholarship holders from German public institutions)
HEALTH INSURANCE

In Germany it is compulsory to have a health insurance as a student. A valid health insurance is an important prerequisite for your enrolment at the university and for your residence permit in Germany. Please note, that without this proof you cannot enrol!

BRINGING YOUR HEALTH INSURANCE WITH YOU

All students from EU countries or countries of the European Economic Area (EEA) and countries that have a bilateral social security agreement with Germany (e.g. Bosnia and Herzegovina, Macedonia, Serbia, Turkey, Tunisia) can have their health insurance (e.g. their family insurance) recognised in Germany. The EHIC (European Health Insurance Card) is sufficient as proof or you can apply for a certificate (in English or German including the amount of coverage) from your health insurance. With the EHIC or a certificate you can easily be exempted from compulsory insurance with a statutory health insurance company in Germany.

All other students with private health insurance from their home countries must provide proof (in German or English) that their health insurance company covers all treatment costs in Germany (travel insurance is not sufficient). With this proof, you can be exempted from compulsory insurance with a statutory health insurance company in Germany.
TAKING OUT GERMAN HEALTH INSURANCE

Students can take out a (cheaper) student health insurance with a German statutory health insurance company. Since January 2015, the contribution is made up of a uniform basic amount and nursing care insurance amount as well as an individual additional contribution. Thus, students now pay a different rate depending on the additional contribution of their health insurance company.

On average, the monthly health insurance contribution is approximately €110.00.

EXCEPTIONS:
- students who have reached the age of 30
- students who have already completed their 14th semester
- doctoral students
- students who work more than 20 hours per week on the side
- students who are entitled to statutory family insurance, e.g. students up to the age of 25, married students: only one spouse needs to pay for health insurance, the other spouse is then entitled to family health insurance

Students without entitlement to statutory health insurance must take out “voluntary” insurance with a private health insurance company or with a statutory health insurance company (higher contributions than the student health insurance). Rates of private health insurances are calculated individually and can vary greatly.

There are different statutory health insurance companies in Germany. You can contact a health insurance company of your choice. **We prepared** a list of different companies with detailed information, which you will find on the next page.

ADDITIONAL INSURANCES

ACCIDENT INSURANCE

As a student accidents are insured

- within the university and on the way between the university and your home.
- by your employer for all jobs during your studies, during semester breaks or during an internship.
- by the Studierendenwerk, the student service organisation, for serious accidents with disability or death. This also applies to free time activities, internships, exam preparation and to activities for studies outside the university and abroad.

LIABILITY INSURANCE

We strongly recommend that you take out private liability insurance.

For example, it provides compensation for damages:

- for a bicycle accident caused by your negligence.
- in parts the loss of the apartment key.

Further information on authorities and insurance companies in Germany can be obtained from the authorities / insurance companies directly and from your International Office.
FINANCE
ACCOUNT

Germans use current accounts (German: “Girokonto”) for their daily banking business. It allows them to transfer money from one account to another (German: “Überweisung”) as well as to make automatic withdrawals (German: “Abbuchung or Einzugsermächtigung”) for paying regular bills such as telephone bills or rent.

To open a new Girokonto as a student, you will need your passport/identity card, your enrolment certificate (German: “Immatrikulationsbescheinigung”), your German tax ID, which you will receive approximately three weeks after registering at the Citizens’ Office by post and maybe your registration certificate from the Citizens’ Office. Within one or two weeks after having opened a bank account, you will receive your EC card (electronic cash and debit card) and for security reasons some days later your PIN separately by post. Make sure that your name is written on your letterbox. The EC card can be used for cashless payments in supermarkets or department stores. It is also convenient for withdrawing money from ATMs.

CASH

With the EC card, it is possible to withdraw money free of charge, from an ATM of any branch of your bank company in Germany. Ask for partner bank companies whose ATMs you can also use without paying an extra charge. Of course you can also withdraw money from any ATM of other banks, but they usually charge approx. €2.50 – €5.00. Most ATMs worldwide will accept your card too (maestro symbol). Until you receive your new bank card in Ulm/Neu-Ulm, it is possible to withdraw money at the counter of your branch office.
ACCOUNT STATEMENTS

In each bank branch there is a machine called “Kontoauszugsdrucker” (it is usually located near the ATM). As soon as you have received your bank card, you can use it to print out bank statements at your bank. You should do so at least every four weeks to keep track of your balance and to avoid the costs for getting your bank statements sent to you via mail.

If you use online banking, you can retrieve your electronic bank statements there. Some banks will still mail your bank statements unless you switch in your online banking for receiving electronic bank statements only. The bank employees will help you. It is recommendable to store and archive the electronic bank statements on your local computer.

CREDIT TRANSFER (GERMAN: “ÜBERWEISUNG”)

Bills are usually paid by electronic money transfers or direct debit in Germany. Since the Single Euro Payments Area (SEPA)-transfer have been introduced in Germany and in the European Economic Area, you only need the International Bank Account Number (IBAN) to transfer money to another account. 36 countries are participating in SEPA (27 EU states, Norway, Liechtenstein, Iceland, Switzerland, Monaco, San Marino, Andorra, the United Kingdom and Vatican City State). The Business Identifier Code (BIC), an internationally valid bank sorting code, is required for transfers to Monaco, Switzerland, San Marino, Andorra, the United Kingdom and Vatican City State. With the IBAN (and BIC if necessary) of the recipient and your own IBAN, you can fill in a money transfer order (German “Überweisungsauftrag”).

A foreign transfer (German: “Auslandsüberweisung”) is required, if you want to make a transfer in another currency or to a country outside SEPA.

Most banks also have computer terminals in the customer area which you can use to fill in transfer orders electronically. If you need help, you can always ask your bank staff for assistance. For credit transfers between countries of the European
Economic Area (EEA), the same conditions apply as for national transfers. Transfers from or to countries outside the EEA work the same way but take longer and are more expensive.

**REGULAR PAYMENTS: AUTOMATIC WITHDRAWAL OR STANDING ORDER ("EINZUGSERMÄCHTIGUNG UND DAUERAUFTRAG")**

For regular expenses such as rent, health insurance, phone bills, etc., you will most likely be required to give permission for an automatic withdrawal (German: “Einzugsermächtigung”). You will have to sign this permission along with the respective contract. These companies will then withdraw the amount due from your account every month (usually during the first week of the month). This method is also known as direct debit (German: “Lastschrift” or “Bankeinzug”).

Attention! It is your responsibility to make sure there is enough money in your account when these sums are being withdrawn! If the withdrawal fails, you will be charged bank fees (usually around €5.00 – €10.00). The withdrawal will not be repeated. Therefore, you will have to fill out a money transfer order amounting to the sum of the failed withdrawal on your own. A standing order is a “Dauerauftrag” in German. This means you order your bank to transfer a fixed amount of money to the same account on a regular basis. Basically, it is the same as an automatic withdrawal, but initiated by you. You have to cancel it if necessary.

**ONLINE BANKING**

If you want to manage your banking business online or via telephone, ask your bank staff for the respective procedure. You will receive a telephone PIN by post and depending on the supported security system, you will additionally be asked for e.g. your bank account number, a three-digit branch number, your bank card number or your birthday in order to identify yourself.

Online banking is one way to handle transactions with reduced or no fees. A new transaction authentication number (TAN) is required for each transaction.

On the next page you will find the description of different TAN options.
TAN

Different security procedures are offered:

<th>PUSH-TAN</th>
<th>APP-TAN</th>
</tr>
</thead>
<tbody>
<tr>
<td>You require a computer and a TAN will be sent to your cell phone by SMS for every transaction. This method is relatively reliable, but the cell phone can be stolen or the TAN can be intercepted.</td>
<td>For each transaction a TAN is required, which will be generated by a special app. A high level of security can be obtained by using different Apps or devices for online banking and TAN generation.</td>
<td>The app of your smartphone will react, when you are starting a transaction. Log in with your previously chosen password. The TAN will be generated and transmitted in the background. The same security rules apply as for the Push-TAN.</td>

<td>A TAN Generator (approximately €10 – €25) in combination with your bank card is required for this procedure. The TAN is generated by this special device after reading information through a flickering field on the screen. This procedure is safe, because two separate devices and additionally the bank card are required.</td>
<td>In principle, this procedure works like the chip TAN procedure. The only difference is, that a graphic is used instead of a flickering field, which is decoded by a smartphone app. The procedure is safe as long as you use different devices for the app and online banking.</td>

CREDIT CARDS

Mastercard and Visa are accepted in bigger stores and gas stations. Other credit cards are not very common. In general, the acceptance of credit cards in Germany is not as widely spread as in other countries. Stores often only accept EC Cards and those sometimes also just for purchases over a certain amount, e.g. €5.00 or €10.00.

Credit cards can also be used to obtain cash at ATMs if you have a PIN. However, please be aware that credit card companies usually charge high fees for this service.
CARD BLOCKING EMERGENCY NUMBER

If you want to block your bank card, credit card, mobile phone card, online or telebanking account, you can call one of the following telephone numbers (24 hours/365 days per year):

116 116 (within Germany, toll-free) or +49 30 40 50 40 50 from abroad and press 9 for the English service. The telephone fees from abroad depend on the foreign network operator. The prerequisite is that your bank or mobile provider is a member of “SPERR-NOTRUF 116 116 e.V.” (list of members: www.sperr-notruf.de teilnehmer-finder#c580 (in German)).

The following information is required for blocking:

- for bank cards: your bank account number and bank identification code, alternatively the IBAN;
- for credit cards: card number and name of the credit card issuer or alternatively the bank identification code;
- for mobile phone cards: your phone number;
- for online and telebanking accounts: your bank account number or login account name.

JOB REGULATIONS FOR STUDENTS

Regardless of your future status at your university, there will never be a guarantee that you will find a job to support yourself during your studies. You should therefore be aware that you might have to live off your own personal funds, support from your family or scholarship resources only! If you plan on doing an internship, having a student work contract or a job as a student assistant or a minor employment while studying in Germany, you need to have German health insurance.

Furthermore, in Germany students who have a contract for work with incomes over €4,860.00 per year or with monthly incomes over €450.00 normally have to pay social contributions. Students have to pay taxes for yearly incomes over €9,984.00. As soon as a student works more than 20 hours per week for more than 26 weeks per year, they lose their student status regarding the tax and social contributions law. More information can be found on: www.mystipendium.de/studienfinanzierung/steuerfreibetrag-student%20(in German).

ON-CAMPUS WORK REGULATIONS

- **Students** are allowed to work on campus in a field related to their study programme for a maximum of:

  - **Ulm**: 85 hours/month
  - **THU**: 44 hours/month
  - **HNU**: 86 hours/month

The German phrase for this kind of work is "Studentische Hilfskraft". Most jobs offered at the universities are for advanced students and may require German language skills. At Ulm University of Applied Sciences, Master Students may also be employed as research assistants (German: "Wissenschaftliche Hilfskraft"), for a maximum of 36 hours per month.
• **Doctoral students** (German: “Doktorandin*innen”) may be employed on campus as research assistants (German: “Wissenschaftliche Hilfskraft”). The amount of working hours is to be set by the supervisor of their doctoral thesis.

• **Scholarship holders** who receive their scholarship from a German organisation should follow the guidelines of their scholarship provider.

### OFF-CAMPUS WORK WITHOUT A WORK PERMIT

All EU citizens have unlimited permission to work in Germany. **Students from outside the EU** without a work permit are allowed to work for a maximum of 120 entire (= 8 hours/day) or 240 half days (= 4 hours/day) per academic year. You are **not allowed** to work more than 20 hours per week during lecture periods, otherwise you will lose your student status regarding health insurance. Therefore and in order to avoid any interferences with your studies, it is **recommended** to work during the holidays. **Alumni** may search for adequate employment for up to 18 months after having graduated. In this period, they are allowed to work under the same conditions as students.

### OFF-CAMPUS WORK WITH A WORK PERMIT

**Degree students** who plan to work more than the above given time limits need a work permit from the job center (German: “Agentur für Arbeit”) and the foreigners’ office (German: “Ausländerbehörde”). Usually, a work permit is only given to advanced students for work related to their field of study and after presenting a so-called “Unbedenklichkeitsbescheinigung” (certification of no objection) from their university. This certificate has to confirm that the student has been studying successfully and that there is no objection to them working in a study-related field.

WORK PLACEMENTS/PRACTICAL TERMS (“PRAXISSEMESTER”)

- Students of Ulm University of Applied Sciences from outside the EU, Norway, Iceland or Liechtenstein will need a special work permit for their practical term. The central coordination centre at the University of Applied Sciences Karlsruhe (KOOR) is in charge of this for all universities of applied sciences in Baden-Württemberg. All required forms and further information can be found at: https://www.h-ka.de/en/about-hka/institutions/koor-erasmus-services-bw/news

International students of Ulm University of Applied Science can contact the internship office of their degree programme and the International Office for support in finding an internship.

Obviously, living expenses mainly depend on your personal lifestyle. However, be aware that living abroad in an unknown environment tends to be more expensive. Taking all aspects of daily life into account, students have to expect expenses of approximately €600.00 to €850.00 per month. Please make sure you have enough money to pay for your monthly expenses and have some money put away for unexpected events or emergencies. You cannot count on regular financial support (e.g. through scholarships) during your studies.

### APPROXIMATE MONTHLY EXPENSES

Tuition Fees

There are no tuition fees in the Free State of Bavaria (Neu-Ulm University of Applied Sciences). In the federal state of Baden-Württemberg (Ulm University and Ulm University of Applied Sciences), there have been regular fees for new international students in bachelor, consecutive master and state examinations programmes of €1,500.00 per semester since winter term 2017/18. EU citizens, exchange students, many refugees and other groups are excluded. There are also second study fees (German: “Zweitstudengebühren”) for people who have already earned a degree in Germany and for certain further master programmes. “Zweitstudengebühren” apply irrespective of the student’s nationality. Please inform yourself before the commencement of your studies if you will have to pay tuition fees.

Irrespective of tuition fees, you will have to pay the administrative costs and contributions to the Studierendenwerk as well as the contribution to the constituted student body (only in Baden-Württemberg). You will receive a payment request including all relevant information with your letter of acceptance or your re-registration for the next semester.

SPECIAL RATES FOR STUDENTS

The Semester Ticket is the cheapest way to get around in Ulm and Neu-Ulm. All registered students may buy this discounted ticket.

Discounts are also often offered for concerts, exhibitions, sports and cultural events, as well as at museums, theatres and cinemas. Do not hesitate to ask about student rates and do not forget to bring your student ID!

The canteens at the universities offer food and drinks at special student rates.

Students get a free ride on the solar boat from May to October if they present their student ID.

You can find information on special rates for newspapers and magazines on the notice boards of the Studenten-Presse and at news stands. Some computer software suppliers offer special rates as well.

Information on BAFÖG can be found here:

According to the prerequisites of §8 BAFÖG, international students may, under certain circumstances, receive financial support from the German government during their training period. Their residence permit or rather which legal basis grants their stay in Germany is decisive.

If you have any questions, please contact the section “study finances” of the “Studierendenwerk”:[https://studierendenwerk-ulm.de/en/bafoeg-and-finances/ansprechpersonen/](https://studierendenwerk-ulm.de/en/bafoeg-and-finances/ansprechpersonen/)
HOUSING
Several student residences in Ulm and Neu-Ulm are run by the student services (German: “Studierendenwerke”) and other organisations. The universities in Ulm and Neu-Ulm do not operate any student residences themselves. For more information on the residences and the application, please refer to “Studierendenwerk Ulm”: https://studierendenwerk-ulm.de/en/accommodation/student-residences/ and to “Studentenwerk Augsburg”: https://studentenwerk-augsburg.de/accommodation/student-residences/neu-ulm-heinz-ruehmann-str/.

The number of rooms within the student residences is less than the number of students in Ulm and Neu-Ulm. You need to apply as soon as possible, if you want to secure a room. The demand is huge, especially for the winter semester. You might face a waiting time of up to several months. Students can only apply for a place of residence at the Studierendenwerk of the state they are studying in, except for students who are enrolled in a cooperative study degree programme of the Universities of Applied Science in Neu-Ulm and Ulm.

All rooms and apartments are furnished, except for the student residences in Kelternweg and Hauffstraße in Ulm. The “Studierendenwerke” offer rooms and apartments for single mothers or fathers and for students with disabilities. Couples with a child will have to find an apartment on the private real estate market on their own.

There is no gender segregation in the student residences. Bathrooms, toilets, living rooms, lounges and the kitchen are used collectively. Some rooms or apartments have a private bathroom with toilet and/or a kitchenette. There are bus connections from all student residences to the three universities and to the city centre.

All student residences have Internet access, either via Wi-Fi (using your university account and Eduroam) or you need an ethernet cable. You can find the contacts to the IT tutors, who will help you with questions and problems (e.g. malware) on the information board.
Check your room/apartment for defects or missing appliances when moving in and inform the facility manager as soon as possible. The kitchens are sometimes equipped with kitchen utensils and table ware. Ask your flatmates if you are allowed to use it and get information about the cleaning plan and rules for the shared spaces.

Make an appointment with your facility manager at least 3 weeks before you move out. You will get your rent deposit (up to 3 months after moving out), if you have properly cleaned your room/apartment, kitchen, floor and bathroom and there are no damages (that were not there before) or similar

PRIVATE STUDENT RESIDENCES

- Uni Apart Asset Management GmbH: www uniapart de/en
  (Third person with joint liability insurance with registered seat of residence in Germany required!)
- Mietpool Campus Village Neu-Ulm GbR: https://www campus village de/en/

While you are living in a rented flat, your landlord has the right to visit but not unannounced. Other people are only allowed into the flat with the tenant’s consent.
PRIVATE HOUSING

There are a lot of ways to find private student residences, rooms and flats in Ulm and Neu-Ulm. However, you should bear in mind that shortly before the semester starts, it will be very difficult to find accommodation. Therefore, you better start looking in good time.

Most rooms and flats are rented out unfurnished. The majority of landlords/flatmates want to meet and talk to you in person on site before renting out their flat/room. Apartment/Flat viewings are like a job interview. While you examine the accommodation, the landlord examines you.

If possible, travel to Germany before your regular planned stay, make appointments to look at rooms with the landlords and prepare all needed documents. Sign the tenancy agreement only after looking at a room/flat, having talked to the landlord/prospective flatmates in person and if applicable, having obtained your visa. Since most tenancy agreements are written in German, ask your landlord in the case of uncertainties. You can find a useful glossary of abbreviations (since abbreviations are often used in classified ads): www.tum.de/en/university-life/accommodations/tips-for-finding-accommodation/glossary-of-abbreviations/.
IMPORTANT DOCUMENTS

Most landlords require:

- a German liability insurance including tenancy damage insurance
- your credit information from the German credit reference agency “Schufa”
- a copy of your identity card/passport
- a copy of your residence permit/visa
- a self-disclosure
- a proof that you are a student: admission letter (German: “Zulassung”) or enrolment document (German: “Immatrifikulationsbescheinigung”)
- a German bank account, proof of sufficient funds (bank statements) or a declaration of surety. A copy of the identity card/passport and payrolls of the surety are required in that case.

Your “Schufa” is automatically created as soon as you register your address, open a bank account and subscribe to your first contract, e.g. for an internet line. Further information can be found under www.settle-in-berlin.com/what-is-schufa/.

As opposed to other countries, the rent will be paid monthly in Germany and is divided into basic rent and utility costs. You can find more information at: www.daad.de/en/study-and-research-in-germany/plan-your-studies/renting-a-room/.

PRIVATE FLAT RENTAL - TIPS, TRICKS AND TRAPS

Real estate agents can help you find a place to stay. Since June 1st 2015, German law dictates that real estate agent fees must be covered by the person employing the real estate agent.

But you also have to be careful when searching for a flat: dishonest agents get prospective tenants to sign a contract. You also have to watch out for either over-priced or very low additional costs, as well as excessively high redemption agreements - this way, some landlords try to attract prospective tenants or indirectly make them cover the real estate agent fees.

Warning! Additionally, some landlords offering their flats on the Internet insist on a deposit payment prior to an apartment viewing. Do not pay any deposits before you have seen the flat/room, met the landlord in person and have signed the rental agreement.
BULLETIN BOARDS

You can find bulletin boards (German: “Schwarze Bretter”) all over the universities in Ulm and Neu-Ulm. They display all kinds of advertisements, such as offers for rooms or search requests for flatmates.

Bulletin boards with housing offers:

- Ulm University, StuVe, M25, Room 224 (bulletin board)
- Ulm University of Applied Sciences, in the lobby and on the 1st floor of building B (bulletin board)
- Neu-Ulm University of Applied Sciences, Main building, 1st floor, bulletin board opposite Club B

NEWSPAPERS

- “Südwest Presse Ulm” is a daily newspaper in Ulm. Housing advertisements are mainly published on Wednesdays and Saturdays, available online: www.immo.swp.de.
  
  To place an advertisement (subject to charge) please call +49 731 156602 or fill out the online form on https://swp.anzeigen-aufgabe.de/Basisdaten/Preselect/13624 (follow the subject: Immobilienmarkt).

- “Ulmer Wochenblatt” is a free weekly paper (branch of the “Südwest Presse”), distributed to private households every Wednesday. The housing advertisements listed there are often the same as in Wednesday’s “Südwest Presse”, available online: www.wochenblatt.swp.de.

- Schwäbische Zeitung is a daily newspaper in Ulm. Housing advertisements are mainly published on Wednesdays and Saturdays, available online: www.immo.schwaebische.de.

- Neu-Ulmer Zeitung is a daily newspaper in Neu-Ulm. Housing advertisements are mainly published on Wednesdays and Saturdays, available online: www.immobilien.augsburger-allgemeine.de.

(All online versions are available in German only).
TEMPORARY HOUSING

If you do not have accommodation upon arrival in Ulm/Neu-Ulm, you can stay at a youth hostel, a pension, holiday flat, hotel or Airbnb while you are looking for a room. It is advisable to book a room in advance. Please note, that these accommodations are not considered a permanent residence by the registration office.

- **Airbnb:** [https://www.airbnb.co.uk/](https://www.airbnb.co.uk/)

In Germany, youth hostels (German “Jugendherbergen”) are non-profit, budget hotels, usually with shared bedrooms. To stay in one of these youth hostels in Germany, you need to become a member of either the German Youth Hostel Association (“Deutsches Jugendherbergswerk, DJH”) or Hosteling International (HI).

The annual fee for people under the age of 27 is €7.00, older people pay €22.50. You can apply directly at any youth hostel or online at [www.jugendherberge.de/en/membership](http://www.jugendherberge.de/en/membership) or [www.hihostels.com](http://www.hihostels.com) under Membership.

In other countries, a membership may not be necessary to stay in a hostel. However, it is worth taking a look at the HI website and comparing their prices with the ones of “normal” hostels if you plan on travelling around Europe because you might get a discount (e.g. 10 % per night in England) as a member of HI.

In Germany, a normal hostel is called “Hostel”, “Backpacker” or “Backpacker Hostel”. You do not have to be a member of any of the above mentioned organisations to stay in these private hostels.

TELEPHONE

All service numbers starting with 0800 can be dialed free of charge. Numbers starting with 0900 are usually high-priced.

PUBLIC TELEPHONES

Most of the public payphones are operated by “Deutsche Telekom”: www.telekom.de (in German). You may use cash and specific credit cards to pay. The payphones do not return change. Emergency calls are free of charge. Other public telephones are located in Internet cafés, where international calling rates are often cheaper.

CALLING CARDS

Calling cards (using the 0800 prefix or a German landline number and a PIN) offer a cheap alternative for calls abroad. Be sure to inform yourself in advance about the exact rates, conditions and validity among the different calling card providers. Further information: www.teltarif.de/callthrough (in German).

MOBILE PHONES (CALLED “HANDY” IN GERMAN)

Since most Germans have a mobile phone, public pay-phones have become increasingly rare. The mobile phone network operators in Germany are T-Mobile, Vodafone and Telefónica. These operators have their own shops (T-Mobile is the mobile branch of Deutsche Telekom, you can find them in the “Telekom Shops “ stores), where you can get further information. Additionally, you can look up rates and rate comparisons (also from discounters) on www.handytarife.de/ (in German).
There are huge differences in prices, rates, services and monthly charges, but generally speaking one can distinguish between:

<table>
<thead>
<tr>
<th>Pre-Paid / Post-Paid</th>
<th>Contracts</th>
</tr>
</thead>
<tbody>
<tr>
<td>• no contract</td>
<td>• duration of mostly 2 years (cannot be cancelled ahead of time!)</td>
</tr>

</tr>
<tr>
<td>• no minimum monthly turnover</td>
<td></td>
</tr>
</tbody>
</table>

You can block your mobile phone card (more information in chapter: Finance), if your mobile phone is lost or stolen.

**TELEPHONE DIRECTORIES**

- Telephone directories are available online at [www.teleauskunft.de](http://www.teleauskunft.de). Here you can access the following directories: “Das Örtliche” (the local phone directory for your city), “Das Telefonbuch” (the national phone directory) and the commercial directory “Gelbe Seiten” (yellow pages).

- National directory assistance by Deutsche Telekom (costs: €1.99 per minute when calling from a German landline, other costs may apply when calling from a mobile phone): + 49 11833 (in German) or +49 11837 (in English).
INTERNET

All students who are enrolled at one of the three universities in Ulm/Neu-Ulm get their own email address and full access to the computer pools of their university. Most student residences provide internet access, which is the most convenient and cheapest way to have internet access at home.

You can find further information about computer pools, accounts and WiFi access at the computer centre of your university:

- **Ulm University**: [www.uni-ulm.de/en/einrichtungen/kiz](http://www.uni-ulm.de/en/einrichtungen/kiz)
- **Ulm University of Applied Sciences**: [https://studium.hs-ulm.de/en/org/IMZ](https://studium.hs-ulm.de/en/org/IMZ)

**DSL (DIGITAL SUBSCRIBER LINE)**

DSL is available throughout the city of Ulm and Neu-Ulm. You will most likely receive the needed DSL-Hardware (WiFi) when signing the contract (be aware of the minimum duration). Monthly costs: €20.00 - €40.00, depending on the provider and bandwidth.

There are also a lot of providers (Telekom, 1&1, O2, Freenet, Vodafone, SWU, etc.) offering private landlines and DSL flat rates in a bundle. Please inform yourself on their websites.

You could share your DSL connection with your roommates to decrease your personal costs.
CONTRIBUTION REGARDING THE LICENCEE

A licence fee (German: “Rundfunkbeitrag”) is charged to every flat in order to fund the public broadcasting companies in Germany. Below you will find the answers for the most frequent questions about this fee.

**HOW MUCH?**
For every residence a licence fee of **€18.36 per month** needs to be paid (no matter how many devices you have). Usually you receive an account after registering your address in Germany or you apply for one directly with the contribution service (“Beitragsservice”) at: www.rundfunkbeitrag.de/welcome/englisch

**WHO PAYS?**
The fee is levied per household, and not per person. Only one person of age must be registered and pay the licence fee for each residence. Residents of a flat-share can decide among themselves who this should be. If you live with parents who already pay the licence fee, you may deregister.

**ANY DISCOUNTS?**
Only those who receive BAföG and do not live with parents may be exempted from the licence fee. In all others cases the same rule applies: One residence – one fee.

**USEFUL TIPS**
- We recommend you to transfer your fee and not to use direct debit;
- We recommend to pay in advance for half a year or quarterly;
- Don’t forget to deregister when you leave, otherwise you still need to pay the licence fee.

Please note that payment is compulsory, even if you don’t consume the content. If you ignore the correspondence from the Broadcast contribution service (German: “Rundfunk Beitragsservice”), it may lead to legal issues.
MAIL

In Germany, **letters** are mainly delivered by Deutsche Post, **parcels** also by other companies (DHL, UPS, GLS, Hermes, etc.).

**Website of Deutsche Post:** www.deutschepost.de/en/home.html

PACKSTATION

If you send and/or receive packages regularly, **it is recommended** to use a DHL parcel station (German: “**Packstation**”). This service is free of charge and independent from opening hours. The usage of these stations has become widespread in Germany and offers the convenience of informing the recipient via email or text message when their shipment has arrived.

**Registration and further information:** www.dhl.de/en/privatkunden/pakete-empfangen.html (follow the subject: Parcel delivery to a pickup location / Packstation)

POSTAGE OF DEUTSCHE POST

All prices depend on the size or the weight.

- **Postcards:** domestic: €0.70; international: €0.95
- **Letters:** domestic from €0.85; international from €1.10
- **Parcels** and small parcels starting at €4.50 within Germany (online price)

**More information:** www.deutschepost.de/en/home.html (follow the subject: Domestic mail or International mail)

**Stamps** can be bought at every post office, vending machines and online for printing.
POST OFFICES

- Bahnhofsplatz 2 (Ulm city centre, main office)
- Gartenstraße 20 (Neu-Ulm city centre, main office)

You can find more information on post offices, points of sale, DHL parcel shops and their opening hours, mail boxes and parcel stations at: www.deutschepost.de/de/s/standorte.html. You will find the nearest post offices, parcel stations and the like, if you allow location access or you type in a city, postcode or street name. Many branches are located in supermarkets or retail stores. If you need help, you can always ask the staff for assistance.

LOST & FOUND

If you have lost something in Ulm or Neu-Ulm, you should first contact the Lost and Found of the respective city. This is where lost items are being collected and stored for six months. Items found in one of the busses or trams of SWU as well as items found in cultural and other establishments will be forwarded to the cities’ Lost and Found after some time.

Furthermore, there is the possibility to search for your lost items online in order to figure out if and where they have been handed in: www.fundsuche02.kivbf.de (in German)

Please be aware that you will have to identify yourself as the item’s rightful owner (e.g. by an exact description of the item or by giving the approximate place and time you lost it) when picking it up. Furthermore, you have to pay the required fee to the Lost property office and a finder’s reward to the finder.
MUNICIPAL LOST & FOUND

UNIVERSITIES

At the universities, the facility managers are responsible for the Lost and Found.

- **Neu-Ulm University of Applied Sciences Neu-Ulm**: 

- **Ulm University of Applied Sciences**: 
  Lost student ID cards are collected in the Students’ Service Center in room E 09c and other lost items at the janitor’s office of the campus where you lost it: Campus Prittwitzstraße in room C 21, Campus Albert-Einstein-Allee in room Q 113.

- **Ulm University**: 
  Lost items are collected and stored according to the part of the university they have been found in (University West, University Hospital, University East, Helmholtzstraße). Therefore, you should first check with the janitor’s office of the part of the university you think you lost your item. (https://www.uni-ulm.de/en/einrichtungen/zuv/hauptseite-dezernat-v-gebaeudemanagement/abteilungen/kaufmaennisches-und-infrastrukturelles-gebaeudemanagement/hausmeister/ (in German)
HEALTH CARE

• In Germany, you only go to the ambulance in case of emergencies (see chapter: Emergency Numbers) or at night/on the weekends, when the doctors’ offices are closed.

• Everybody should have a general practitioner (GP). You should find one for yourself before you get ill. Doctors usually have signs outside their offices, look around in your neighbourhood. You could also check on the Internet, e.g. www.ulmer-aerzte.de (in German), or in the yellow pages. However, the best way to find a GP is probably by recommendation from friends or neighbours.

• If you want to find a doctor who speaks your language, you might want to make use of the following search tool: www.arzttsuche-bw.de (in German). It also allows you to search for special areas of expertise.

• The dental clinic of Ulm University offers a wide range of dental treatments. A special offer is the student treatment course, in which the treatments are carried out inexpensively by students under the supervision of licensed dentists. +49 731 500 - 64110, www.uniklinik-ulm.de/zahnerhaltungskunde-und-parodontologie (in German).

• In order to treat patients of public health insurance companies, doctors need to have a contract with those companies. On their signs it usually says “Alle Kassen”. If it says “Privatpraxis”, clients of public health insurance companies will be treated like private patients, i.e. they have to pay their bills themselves, but will only get a small part refunded by their respective insurance company.

• Please bring your health insurance card or EHIC with you every time you go to see a doctor or dentist.

• For in-hospital treatments, you have to make a co-payment of €10.00 a day, but for at most 28 days per year.
RUBBISH

In Germany, people are in general very **environmentally aware** and therefore try to **avoid wasting resources** and polluting the environment. Rubbish is being **separated strictly** and **recycled** if possible.

**DEPOSIT FOR BEVERAGES**

Besides the normal system of **returnable bottles** (glass and plastic) for beverages, you also have to pay a **deposit** for a lot of disposable bottles (Einweg-flaschen) and cans in order to motivate people to return them. **Depending** on the type of beverage and filling capacity you may or may not have to pay a deposit. You usually do not have to pay one for juice bottles, for water and soft drinks like coke you almost always have to pay a deposit. **Look out** for the logo of the **“Deutsche Pfandsystem GmbH”**. If you find this emblem on a bottle or can, you will have to pay a deposit of up to €0.25. However, you will not find this emblem on every bottle that you have to pay a deposit for. If you do not have to pay a deposit, it will say so on the bottle's label.

Empty bottles and cans can always be returned at the store you bought them at and at bigger shops selling those types of disposable bottles or cans. Look for a machine called **“Leergutautomat”** or **“Leergutannahme”** either inside the shop or at its entrance. In some smaller shops, you might have to return the bottles/cans directly at the cashier. **Be careful** not to damage the bottles and cans and especially do not remove the label containing the barcode, otherwise you might have problems returning them!
SORTING AND RECYCLING WASTE

As the rules for recycling are imposed by local authorities, the system can differ from town to town. In Ulm/Neu-Ulm, the following rules apply:

- **Gelber Sack** and **Gelbe Tonne** for potentially recyclable rubbish. For all “light” plastic and metallic packing materials, such as yoghurt cups, plastic bags, milk and juice packs, cans, spray cans that are not mentioned anywhere else. In most cases, they carry the symbol “Der Grüne Punkt”. Make sure everything is empty. You can get yellow (plastic) bags at the recycling stations or at the Bürgerbüro in Ulm or Neu-Ulm (see chapter about Authorities).

- **Glass** (glass containers in your neighbourhood). For clean glass bottles (the ones that are not returnable) etc., but no light bulbs, mirrors or window panes. Blue, yellow and red glass belongs in the container for green glass.

- **Paper and cardboard** (blue bin). For all kinds of paper, e.g. newspapers, magazines and packaging material. Clean paper only – no coated paper (from milk or juice packs) or tissues.

- **“Biotonne”** (brown bin, “Biomüll”). For biodegradable waste like food waste, coffee filters, tea bags, plants, etc. Wrap your kitchen scraps in paper bags or newspaper. Plastic bags or compostable organic waste bags are not allowed.

- **“Restmüll”** (black bin). For all other kinds of waste. But keep in mind that there are relatively high fees for the disposal of Restmüll, whereas all other kinds of waste (except Biomüll) can be disposed of free of charge.

- **Recyclinghöfe**. There are recycling stations (German: “Recyclinghof”) all over the city, where you may deposit all kinds of hazardous waste (e.g. batteries, paints, oil), bulky waste (e.g. furniture, carpets, wood) and also old electronic devices. Recycling stations can be best reached by car.

STUDENT INITIATIVES

STUDIERENDENVERTRETUNG (STUVE) / VERFASSTE STUDIERENDEN-SCHAFT (VS)
The StuVe/VS forms the “student government” of a university in Germany, offering support and help as well as representing the interests of all students. The implementation and the offered services of the StuVe/VS can vary from university to university (even the name can be different). Duties of the StuVe/VS include the active shaping of the semester ticket policies, organising events, offering advice for students concerning financial matters and participation in many committees of the university, which decide on the use of funds, examination regulations, etc. Basically, the StuVe/VS is always looking for dedicated students in order to maintain their big variety of services.

Are you interested? Please contact the StuVe/VS of your university directly:

- Ulm University: Students’ council (StuVe), www.stuve.uni-ulm.de/en
- Ulm University of Applied Sciences: Students’ council (VS), https://studium.hs-ulm.de/en/Pages/Verfasste_Studierendenschaft.aspx

STUDENT REPRESENTATIVE BODIES (FACHSCHAFTEN)
All students of a faculty form the student representative body (German: “Fachschaft”). However, the phrase Fachschaft more often refers to the students who are actively involved in the work of the Fachschaftsbüro (office). The Fachschaft helps students of their faculty with questions concerning exams and also represents the students’ interests within the faculty. Interested students are welcome!
